

The background features a light blue sky with several white, stylized clouds of various sizes. At the bottom, there is a row of five stylized school buildings in a dark teal color. The buildings have gabled roofs and multiple windows. The central building is slightly taller and has a clock face on its roof. The text is centered within a large, dark teal circle that has a white border.

WHO SHOULD CONSIDER THESE PLANS?

Small schools and emerging nonprofits often have learning platform needs that call for additional wrap-around services or tools that are not available in the basic Cloud Bridge Plans. But budget restrictions in startup phases may preclude signing on for a full academic package. These intermediate plans offer options that allow your learning environment plans to scale as your mission grows.

SMALL SCHOOLS AND NONPROFIT HOSTING PLAN TIERS

PLAN TIER	USERS	STORAGE	SUPPORT INCLUDED	PACKAGE FEE

Small School or NonProfit Tier 2	301-500 users	30 GB	5 hours	\$1000/yr
Small School or NonProfit Tier 3	501-1000 users	35 GB	5 hours	\$2000/yr
Small School or NonProfit Tier 4	1001-1500 users	40 GB	8 hours	\$3000/yr

FAQs

WHAT IS INCLUDED IN THESE PLANS?

- Core Moodle plugins plus your choice of **two** mission-critical, additional Elearning Experts (EE) approved third party plugins. Example: The Moodle Checklist plugin through which a checklist can be created by a teacher (or generated from the activities in a course) and then the students or teachers can mark off each item as they are completed.
- Request one specific additional EE approved theme that can be loaded on the site to allow for greater flexibility in branding and look/feel options.
- Full site admin access including control over user base and number of courses created or categories created
- SSL Certificate: We take security very seriously, so we do require that all sites apply a security certificate to their domains (https connection). There are a number of ways to phase in this requirement, so please discuss the options for SSL certificates for your site with your Elearning Experts account representative.
- URL redirects to client-owned domains included in site setup support.

HOW MUCH SUPPORT IS AVAILABLE WITH THESE PLANS?

- Ongoing user-related “how to” technical support for full contract included as specified per tier.
- Support for codebase and server environment: 365/24/7 monitoring and maintenance is handled by our expert network and infrastructure team. Software updates, fixes, and upgrades are included as per our standard Service Level Agreement.

WHAT CAN I USE MY SUPPORT HOURS TO ACCOMPLISH DURING IMPLEMENTATION PHASES?

- Theme help with logo or color-scheme options with included themes.
- Authentication and site access configuration
- Simple PayPal plugin configurations for enrollment in courses
- Site admin orientation to Moodle site layout and basic settings configurations for your specific requirements

WHAT IF I NEED MORE SUPPORT OR ADDITIONAL SERVICES?

- Additional user support can be purchased separately in blocks of 10 hours at \$900/block.
- See listing of available additional services and the costs for those services below.
