

The graphic features a light blue background with several white, stylized clouds of various sizes. A large, dark teal circle is centered in the upper half, containing the text 'MOODLE CLOUD BRIDGE PLANS' in white, bold, uppercase letters. Below the circle, a stylized bridge structure is depicted with two vertical teal pillars and a horizontal teal base. The bridge's railing is represented by a series of vertical teal lines of varying heights, creating a rhythmic pattern.

MOODLE CLOUD BRIDGE PLANS

WHO SHOULD CONSIDER THESE PLANS?

These plans are designed to provide affordable hosting options for single-purpose academic or very small, experienced non-profit endeavors that either have more than 50 users or need more storage than the free Moodle Cloud option provides.

THESE ARE NOT GOOD PLANS FOR USERS WHO NEED MORE THAN MINIMAL SUPPORT!

WHAT IS INCLUDED IN THESE PLANS?

- Latest stable build of Moodle LMS with core Moodle plugins only plus the Certificate module: this is a standard, out of the box Moodle installation option
- Basic theme options with some branding possibilities (Themes: Clean and More)
- Full site admin access including control over user base and number of courses created or categories created
- Https connection is required and included for all sites ending in *.expertlearning.net as that is our client-base host domain.
- Want to use your own URL address? CNAME remapping to client-owned domains included in site setup support with the following provision: You must already possess SSL certificate for that domain and can provide zip file to EE OR you must be willing to pay a provisional fee (TBD based on your SSL needs at contract) to have EE purchase the correct certificate for your needs.

HOW MUCH SUPPORT IS AVAILABLE WITH THESE PLANS?

- Support for codebase and server environment: 365/24/7 monitoring and maintenance is handled by our expert network and infrastructure team. Software updates, fixes, and minor point upgrades are included as per our standard Service Agreement.
- A limited amount of ongoing user-related “how to” technical support is included in Tier 2. Additional support can be purchased separately by the hour at \$100/hr or in blocks of 10 hours at \$900/block

USER RUBRIC	STORAGE	SUPPORT INCLUDED	HOSTING FEE
Tier 1 = more than 50 up to 150 users	10 GB	NONE	\$200/yr
Tier 2 = 151-300 users	15 GB	1 hour	\$750/yr
