ELEARNING EXPERTS

WHO SHOULD CONSIDER THESE PLANS?

This **annual** plan provides all the cost savings and stability of our standard Moodle hosting and support along with **pre-installed content** that is specific to the needs of general business, industrial or manufacturing focused organizations.

WHAT IS INCLUDED IN THESE PLANS?

- The latest stable build of Moodle LMS with all the core Moodle plugins
- Certificate, Checklist, and one additional stable, version compatible plugin of your choice
- BigBlueButton free version
- Intelliboard free version
- Basic theme options with some branding possibilities
- Full site admin access including control over user base and number of courses created or categories created
- Up to **5** courses from our catalogue of content with full access for all users site-wide
- Use of our *.expertlearning.net client-base host domain with https connection if desired.
- Want to use your own URL address? CNAME re-mapping to client-owned domains included in site setup support with the following provision: you must already possess SSL certificate for that domain and can provide zip file to EE OR you must be willing to pay provisional fee (To Be Determined based on your SSL needs at contract) to have EE purchase the correct certificate for your needs).

HOW MUCH SUPPORT IS AVAILABLE WITH THESE PLANS?

- Support for codebase and server environment. 365/24/7 monitoring and maintenance is handled by our expert network and infrastructure team. Software updates, fixes, and minor point upgrades are included as per our standard Service Agreement.
- Increasing amounts of ongoing user-related “how to” technical support is included in each plan according to the number of users you have. See the matrix for details. Additional support can be purchased separately either at \$100/hour or in blocks of 10 hours at \$900/block.
